

AUTOMOTIVE SECURITY CAMERA CONNECTORS

WATERPROOF CIRCULAR CONNECTORS FOR AUTOMOTIVE

IP67

KEY FEATURES

This corrosion-resistant waterproof connector features a five-key coupling to prevent misinsertion, customizable configurations for various applications, and hybrid optical/electrical capabilities.

It is IP67 and RoHS compliant, suitable for automotive and train industries. The connector is highly customizable, with selectable options for shell size, connector type, shape, and contact count to suit various applications. It also offers specialized ferrule types and can be configured as a pure optical connector or a hybrid optical/electrical connector.

- Connector coupling with 5 keys to prevent incorrect insertion
- Shell size, connector type, connector shape, and number of contacts can be selected according to the application
- Customized ferrule types, optical connectors, and hybrid optical/electrical connectors are also available
- IP67 compliant
- RoHS compliant

APPLICATIONS

- Automotive cameras
- Automotive industry
- Railway industry
